briana.aguirre009@gmail.com

[8123708052](tel:8123708052)

Monterrey, Nuevo León,
México

ACERCA DE MÍ

Final-year Bachelor's student in Marketing and Image Management with over two years of experience creating digital content, managing communication projects and developing marketing strategies through academic and entrepreneurial initiatives. Experienced in content writing, social media management, digital communications, research, content editing and coordinating multiple projects simultaneously. Strong organizational skills, excellent English communication and the ability to collaborate with cross-functional teams while meeting deadlines in remote work environments.

RELEVANT EXPERIENCE

DIGITAL COMMUNICATIONS & MARKETING SPECIALIST

Freelance / Independent Projects | 2023 - Present

- Created, edited and managed digital content for social media, marketing campaigns and communication materials. Conducted research from multiple sources to support content development and communication strategies while coordinating multiple projects simultaneously. Collaborated with designers and stakeholders to produce engaging communication materials, managed basic Meta Ads campaigns and monitored campaign performance, ensuring timely delivery in remote work environments.

MARKETING & COMMUNICATION PROJECTS

- Developed branding, marketing and communication strategies for real and simulated companies. Created presentations, reports and promotional materials, conducted market research and consumer analysis, and collaborated with multidisciplinary teams to deliver projects focused on digital communication, brand positioning and business objectives.

Supported the planning, review and implementation of digital communication initiatives by organizing content, maintaining publication schedules and ensuring consistency across communication channels. Assisted in editing written materials, preparing executive presentations and coordinating deliverables with cross-functional teams while adapting content for different audiences and business objectives.
